APPLICATION

COMES NOW Chevron U.S.A. Inc. 3. That the Application Lands are subject to the Commission's Order No. 133-1 which established 320-acre drilling units for the Wasatch, Fort Union/Lance/Lewis and Mesaverde Formations covering the Application Lands as follows:

S/2 of Section 19 ("Unit A")

S/2 of Section 24 ("Unit B")

6. That Applicant has drilled numerous wells in these formations within and around the Hiawatha West field area over the past forty years.

8. That allowing up to eight (8) wells in each of these 320-acre drilling and spacing units to produce from these formations or any of them will allow more efficient drainage of these formations; will not promote waste; will not violate correlative rights and will assure the greatest ultimate recovery of gas and associated hydrocarbons from the reservoir(s).

9. That the names and addresses of the interested parties to this Application are set forth in Exhibit A attached hereto and made a part hereof.

WHEREFORE, Applicant respectfully requests that this matter be set for hearing in October, 2005, that notice be given as required by law and that upon such hearing this Commission enter its order consistent with the Applicant's requests as set forth above.
