Attention: Ms. Patricia Beaver,
Hearings Officer

**RE: Request for Ten Acre Density
Order No. 139-38, 440-23, 479-11, 495-3, 510-8 (the "Order")
Township 7 South, Range 95 West, 6th P.M.
Section 6: SW/4NW/4 (the "Lands")
Garfield County, Colorado**

Dear Ms. Beaver:

Regarding the above referenced Lands and our telephone conversation today, the Lands were named on the Application and Findings for the Order described above. However, the Lands were not mentioned on the notices or in the order section of the Order. Therefore, the Lands are not on ten (10) acre density under the subject Order.

Williams intends to drill the NW/4NW/4 of Section 6 of T7S, R95W in December of 2006. We would like the SW/4NW/4 Lands to be on ten (10) acre density when we submit permits for the wells that will bottom hole in the NW/4NW/4 so that the setbacks meet the COGCC requirements in order to receive permits for the new wells. Williams will drill ten acre density wells on the SW/4NW/4 Lands in the future.

Per your request, a list of the interested parties to be noticed is attached to this letter as Exhibit "A". Please docket this request for the September hearing. Thank you for your assistance and please telephone me at (303) 606-4349 if you would like to discuss this matter.

Sincerely,
Williams Production RMT Company

Annette L. Apperson
Senior Landman
