## BEFORE THE OIL & GAS CONSERVATION COMMISSION OF THE STATE OF COLORADO

IN THE MATTER OF THE <b>AMENDED</b> APPLICATION	)
OF NOBLE ENERGY, INC. FOR AN ORDER	Cause No
POOLING ALL INTERESTS IN THE CODELL-	
NIOBRARA FORMATION IN A DESIGNATED 320-	Docket No
ACRE WELLBORE SPACING UNIT LOCATED IN	
THE WATTENBERG FIELD, WELD COUNTY,	)
COLORADO	

#### **AMENDED APPLICATION**

COMES NOW Noble Energy, Inc. (referred to herein as "Applicant"), by and through its undersigned attorneys, and makes this **amended** application ("**Amended** Application") to the Colorado Oil and Gas Conservation Commission ("Commission"), for an order to pool all interests within a designated approximate 320-acre wellbore spacing unit to produce from the **Codell-Ni**obrara Formation for the drilling of the Five M E21-74-1HN Well (API No. 05-123-34924) ("Well") located in the following lands:

Township 6 North, Range 65 West, 6<sup>th</sup> P.M. Section 21: E½

Weld County, Colorado ("Application Lands").

In support thereof, the Applicant states and alleges as follows:

- 1. Applicant is a corporation duly authorized to conduct business in the State of Colorado, and is a registered operator in good-standing with the Commission.
  - 2. Applicant owns certain leasehold interests in the Application Lands.
- 3. On April 4, 1986, the Commission entered Order No. 410-3, amending Order No. 410-1, which among other things, had established 80-acre drilling and spacing units for certain lands, including Application Lands, for development and production of oil, gas and related hydrocarbons from the **Codell**-Niobrara Formation. Order No. 410-3, among other things, established the right to drill a second well on each 80-acre drilling and spacing unit, stating that the additional well shall be located in the undrilled quarter section.
- 4. On April 27, 1998, the Commission adopted Rule 318A, which, among other things, allowed certain drilling locations to be utilized to drill or twin a well, deepen a well or recomplete a well and to commingle any or all of the Cretaceous Age Formations from the base of the Dakota Formation to the surface. On December 5, 2005, Rule 318A was amended to allow interior infill and boundary wells to be drilled and wellbore spacing units to be established. On August 8, 2011, Rule 318A was again amended to, among other things, address drilling of horizontal wells. Applicant notes that all prior Commission drilling and spacing orders, including Order No. 410-3, affecting well location and density requirements of GWA wells are superceded by Rule 318A.k. The Application Lands are subject to Rule 318A for the Codell-Niobrara Formation.

- 5. Applicant designated an approximate 320-acre wellbore spacing unit for the Well, as described below, for the production of oil, gas, and associated hydrocarbons from the **Codell-N**iobrara Formation pursuant to Rule 318A. and notified the appropriate parties under Rule 318A.
- 6. Applicant, pursuant to Commission Rule 530 and the provisions of C.R.S. § 34-60-116 (6) and (7), seeks an order to pool all interests, including but not limited to, any nonconsenting interests, in the Well, in the Codell-Niobrara Formation underlying the following designated approximate 320-acre wellbore spacing unit:

Township 6 North, Range 65 West, 6<sup>th</sup> P.M. Section 21: E½

(hereafter "Wellbore Spacing Unit").

- 7. Applicant requests that the Commission's pooling order be made effective as of the earlier of the original August 1, 2012 filing date for this application, or the date that the costs specified in C.R.S. § 34-60-116(7)(b)(II) are first incurred for the drilling of the horizontal well to the Codell-Niobrara Formation on the Application Lands.
- 8. Applicant certifies that copies of this **Amended** Application will be served on all persons owning an interest in the mineral estate of the tracts to be pooled within seven (7) days of the date hereof, as required by Rule 507.b(2), and that at least thirty (30) days prior to the hearing on this matter, each such interest owner not already leased or voluntarily pooled will be offered the opportunity to lease, or to participate in the drilling of the well, and will be provided with the information required by Rule 530. The list of such interested parties is attached hereto as Exhibit A.
- 9. That in order to prevent waste and to protect correlative rights, all interests in the Application Lands should be pooled for the orderly development of the **Codell-Ni**obrara Formation, including any nonconsenting interests therein.

WHEREFORE, Applicant requests that this matter be set for hearing at the next available opportunity, that notice be given as required by law, and that upon such hearing, the Commission enter its order:

- A. Pooling all interests in the Application Lands and Wellbore Spacing Unit for the development of the Codell-Niobrara Formation.
- B. Providing that the Commission's pooling order is made effective as of the earlier of the original August 1, 2012 filing date for this application, or the date that the costs specified in C.R.S. § 34-60-116(7)(b)(II) are first incurred for the drilling of the horizontal well to the Codell-Niobrara Formation on the Application Lands.
- C. Providing that the interests of any owners with whom the Applicant has been unable to secure a lease or other agreement to participate in the drilling of the authorized well are pooled by operation of statute, pursuant to C.R.S. § 34-60-116(7), and made subject to the cost recovery provisions thereof.

D. For such other findings and orders as the Commission may deem proper or advisable in this matter.

WHEREFORE, Applicant respectfully requests that this matter be set for hearing in **January**, 2013, that notice be given as required by law, and that upon such hearing, the Commission enter its order consistent with Applicant's request as set forth above.

DATED this 2 day of **November**, 2012.

Respectfully submitted:

NOBLE ENERGY, INC.
