COUNTY, COLORADO. )

Cause NO. 535

Docket NO. 1412-SP-2189

Intake NO. 47

**AMENDED APPLICATION**

Extraction Oil & Gas, LLC ("Applicant" or "Extraction"), by and through its attorneys, Welborn Sullivan Meck & Tooley, P.C., respectfully submits this **Amended** Application to the Oil and Gas Conservation Commission of the State of Colorado ("Commission") for an order establishing an approximate **1302.08**-acre drilling and spacing unit and establishing well location rules applicable to the drilling of wells and producing of oil and gas from the Codell Formation covering certain lands in Weld County, Colorado. In support of its **Amended** Application, Applicant states as follows:

1. Applicant owns leasehold interests in the following lands ("Application Lands"):

Township 12 North, Range 64 West, 6th P.M.

**Section 14: Lots 1-4 (approx. 22.08 acres)**

Section 23: All

Section 26: All

A reference map of the Application Lands is attached hereto.

2. Rule 318.a. provides that a well drilled in excess of 2,500 feet in depth shall be located not less than 600 feet from any lease line, and shall be located not less than 1,200 feet from any other producible or drilling oil or gas well when drilling to the same source of supply, unless authorized by order of the Commission upon hearing. The Application Lands are subject to this Rule.

3. The Codell Formation is a common source of supply under the Application Lands.

4. The above-proposed drilling and spacing unit will allow efficient drainage of the Codell Formation, will prevent waste, will not adversely affect correlative rights, and will assure the greatest ultimate recovery of oil, gas and associated hydrocarbon substances from the Codell Formation. The proposed drilling and spacing unit is not smaller than the maximum area that can be economically and efficiently drained by the proposed wells in such drilling and spacing unit. Applicant further maintains that a well drilled in the above-proposed drilling and spacing unit will have no adverse effect on correlative rights of adjacent owners.

5. Applicant requests that the order authorize the drilling and completion of one (1) horizontal Codell well in the approximate **1302.08**-acre drilling and spacing unit described above, with the option to drill and complete up to four (4) wells in the drilling and spacing unit with the surface location to be located at a legal location in the above described drilling and spacing unit or on adjacent lands. Applicant further requests that the treated interval of each wellbore be no closer than 600 feet from the treated interval of any other wellbore producing from the Codell Formation, and no closer than 300 feet from a unit boundary unless such boundary abuts or corners lands for which the Commission has not at the time of the drilling permit application granted the right to locate the treated interval of the wellbore no closer than 300 feet from a unit boundary. If the Commission has not at the time of the drilling permit application granted to the owners of the adjacent or cornering lands the right to locate the treated interval of the wellbore no closer than 300 feet from a unit boundary, then the treated interval of the wellbore shall be located no closer than the distance permitted in the adjacent or cornering lands, without exception being granted by the Director.

6. Applicant requests authority to drill only those wells necessary to determine the well density which allows the most efficient drainage of the Codell Formation, prevents waste, does not adversely affect correlative rights, and assures the greatest ultimate recovery of oil, gas and associated hydrocarbon substances from the Codell Formation. The proposed drilling and spacing unit is not smaller than the maximum area that can be economically and efficiently drained by the proposed wells in such drilling and spacing unit. Applicant further maintains that wells drilled in the above-proposed drilling and spacing unit will have no adverse effect on correlative rights of adjacent owners.

7. The names and addresses of the interested parties according to the information and belief of the Applicant are set forth in Amended Exhibit A attached hereto and made a part hereof, and the undersigned certifies that copies of the original **Amended** Application shall be served on each interested party as required by Rule 503.e.

WHEREFORE, Applicant respectfully requests that this matter be set for hearing, that notice be given as required by law and that, upon such hearing, this Commission enter its order consistent with Applicant's proposals as set forth above.

Dated this 14<sup>th</sup> day of November, 2014

Respectfully submitted,  
WELBORN SULLIVAN MECK & TOOLEY, P.C.
