

**BEFORE THE OIL AND GAS CONSERVATION COMMISSION
OF THE STATE OF COLORADO**

IN THE MATTER OF THE APPLICATION OF
EOG RESOURCES, INC. FOR AN ORDER TO
MODIFY PORTIONS OF ORDER NO. 421-56,
TO ALLOW FOR SIX HORIZONTAL WELLS
PER DRILLING AND SPACING UNIT, AND TO
ALLOW FOR 460 FOOT SETBACKS FOR
CERTAIN LANDS IN TOWNSHIP 11 NORTH,
RANGE 63 WEST, 6TH P.M., FOR THE
CODELL FORMATION, HEREFORD FIELD,
WELD COUNTY, COLORADO

CAUSE NO.

DOCKET NO.

TYPE: INCREASED DENSITY

APPLICATION

COMES NOW EOG Resources, Inc. (Operator No. 27742) ("EOG" or "Applicant"), by and through its attorneys, Jost & Shelton Energy Group, P.C., respectfully submits this Application to the Oil and Gas Conservation Commission of the State of Colorado (the "Commission") for an order modifying portions of Order No. 421-56, to allow for a total of up to six (6) horizontal wells within each drilling and spacing unit described below, and allow 460-foot setbacks as to the unit boundaries of the drilling and spacing units described below, for the efficient and economic development of the oil, gas, and associated hydrocarbons from the Codell Formation. In support of its Application, Applicant states and alleges as follows:

1. Applicant is duly authorized to conduct business in the State of Colorado; and is a registered operator in good standing with the Commission.

2. Applicant owns a majority of the leasehold interests or holds the right to operate on the lands described on Exhibit A attached hereto and incorporated by this reference herein (hereafter "Application Lands"). A reference map of the Application Lands is attached hereto.

3. On January 26, 2015, the Commission entered Order No. 421-56, which among other things, establishes four 1280-acre drilling and spacing units comprised of the Application Lands, and authorizes one horizontal well within each drilling and spacing unit to the Codell Formation. Order No. 421-56 also approves 600-foot setbacks of the treated interval of the proposed wells from the boundaries of the units.

4. To promote efficient drainage within the Codell Formation of the Application Lands, to protect correlative rights and to avoid waste, the Commission should modify portions of Order No. 421-56 and allow up to six (6) horizontal wells within each drilling and spacing unit comprising the Application Lands, and allow 460-foot setbacks as to the unit boundaries of each drilling and spacing unit comprising the Application Lands.

5. The records of the Commission reflect that no wells are currently producing by Applicant, or any other operator, from the Codell Formation in the Application Lands.

6. The undersigned certifies that copies of this Application will be served on each interested party as required by Rule 507 within seven (7) days of the filing hereof, as required by Rule 503.e.

WHEREFORE, Applicant respectfully requests that this matter be set for hearing in May 2015, that notice be given as required by law, and that upon such hearing, the Commission enter its order consistent with Applicant's request as set forth above.

DATED March , 2015.

Respectfully submitted:

EOG RESOURCES, INC.
