NOTICE OF HEARING

TO ALL INTERESTED PARTIES AND TO WHOM IT MAY CONCERN:

On February 19, 1992, the Commission issued Order No. 407-87 (amended August 20, 1993) which, among other things, established 80-acre drilling and spacing units for the production of oil, gas and associated hydrocarbons from the Codell and Niobrara Formations, with the permitted well locations in accordance with the provisions of Order No. 407-1. Section 4, Township 4 North, Range 65 West, 6<sup>th</sup> P.M. is subject to this Order for the Niobrara Formation.

On April 27, 1988, the Commission adopted Rule 318A which, among other things, allowed certain drilling locations to be utilized to drill or twin a well, deepen a well or recomplete a well and to commingle any or all Cretaceous Age Formations from the base of the Dakota Formation to the surface. Rule 318A supersedes all prior Commission drilling and spacing orders affecting well location and density requirements of Greater Wattenberg Area wells. On December 5, 2005, Rule 318A was amended, among other things, to allow interior infill and boundary wells to be drilled and wellbore spacing units to be established. On August 8, 2011, Rule 318A was again amended, among other things, to address drilling of horizontal wells. Section 4, Township 4 North, Range 65 West, 6<sup>th</sup> P.M. is subject to Rule 318A for the Niobrara Formation.

On December 12, 2012, Noble Energy, Inc. ("Noble" or "Applicant"), by its attorneys, filed with the Commission pursuant to §34-60-116 C.R.S., a verified application ("Application") for an order to pool all interests in three approximate 320-acre designated wellbore spacing units established for the below-described lands ("Application Lands"), for the development and operation of the Niobrara Formation, effective as of the earlier of the date of the Application, or the date that any of the costs specified in C.R.S. §34-60-116(7)(b)(II) were first incurred for the drilling of the Frankie PC G04-65HN Well (API No. 05-123-36283), the Knaub PC G04-66-1HN Well (API No. 05-123-36289) and the Knaub PC G04-64-1HN Well (API No. 05-123-36286) ("Wells"), and to subject any nonconsenting interests to the cost recovery provisions of C.R.S. §34-60-116(7):
