

Rulemaking to Implement HB 1298 and HB 1341: Topics for Discussion in Stakeholder Working Groups

PROCESS GROUP	Page # in pre-draft proposal
Form 34 permit application requirements & initial processing	5 & App A
Notification of Form 34 application	5-6
Comments on Form 34 applications	5-6
Onsite inspections with landowners & LGD on Form 34 applications	8
Timelines for Form 34 approvals	9
Appeals of Form 34 approvals, and who has standing to appeal	9
Duration of Form 34 approvals	9
CDP initiation & determination of scope	10-11
Issues to be addressed in CDP	11
Agency consultation on CDP	11-12
Including conditions from CDP in Form 34 applications	12
Benefits of and incentives for CDP	11-12
GAP initiation & determination of scope	12-13
Issues to be addressed in GAP & procedures for GAP approval	12-13
Including conditions from GAP in Form 34 applications	12-13
Relationship of Form 34, CDP, and GAP to existing COGCC basin rules	12-13
Application of Form 34, CDP, and GAP to oil and gas activities on federal lands	4
Relationship of Form 34, CDP, and GAP to local and county regulations	4
WILDLIFE GROUP	Page # in pre-draft proposal
Conditions requiring consultation with CDOW on a Form 34 application	6-7
Conduct of consultation with CDOW on Form 34 application, where required	6-7
Information CDOW may require from operators during consultation on Form 34 application	6-7

Range of additional mitigation measures CDOW could recommend during consultation on Form 34 application	6-7
CDOW role in CDP initiation and determination of scope	10-12
CDOW role in CDP consultation	11-12
CDOW role in GAP process	12-13
Standard Operating Practices applicable to all Form 34 permits for protection of wildlife	22-23 & App B
Best Management Practices for protection of wildlife	23 & App B
ENV'T, HEALTH, & WELFARE GROUP	Page # in pre-draft proposal
Conditions allowing CDPHE to consult on a Form 34 application	6-7
Conduct of consultation with CDPHE on Form 34, where consultation occurs	6-7
Information CDPHE may require from operators during consultation on Form 34 application	6-7
Range of additional mitigation measures CDPHE could recommend during consultation on Form 34 application	6-7
CDPHE role in CDP consultation	11-12
CDPHE role in GAP process	12-13
Role of COGCC and CDPHE in health, welfare, and environmental complaints	14
Odor Management	17
Stormwater management	18-19
Aesthetic and visual measures, including fugitive dust	20
Management of exploration and production waste	20-22
Pits: Form 15 permit applications, pit lining req'ts	21
Spills and releases	21
Labor camps	

AIR AND HEALTH STUDIES GROUP	Page # in pre-draft proposal
Purpose, design, scope, and outcome of studies	13
Literature review	13
Study information requirements and how to satisfy them	13
Timing of studies	13
Funding of studies	13
Role of operators and other stakeholders in studies	13
Advantages/disadvantages of MOU between CDPHE and COGCC to facilitate studies	13
Other approaches for accomplishing study goals	13
Follow-up study (toxicological, epidemiological)	13
Cumulative air quality analysis	13
ADD'L REGS GROUP	Page # in pre-draft proposal
Form 35: Facility inventory	9
Self-certification of compliance with permit conditions	9
Reclamation bonding	9
Definitions	14
COGCC information-gathering authority and chemical inventories	14, 15
Tank labeling	15
Well monitoring during stimulation	15
Regulation of underground gas storage facilities	15
Fines	16
Well completion practices	17
Monitoring requirements for CBM development	19
Financial assurances	19-20
Statewide emergency reserve	20
Gas flaring	21
Waste management records	22
Reclamation standards	22

ACRONYMS	
CDOW	Colorado Division of Wildlife
CDP	Comprehensive Development Plan
CDPHE	Colorado Department of Public Health and Environment
COGCC	Colorado Oil and Gas Conservation Commission
GAP	Geographic Area Plan
LGD	Local Government Designee
