In support thereof, Applicant states and alleges as follows:

1. Applicant is a corporation duly authorized to conduct business in the State of Colorado, and is a registered operator in good standing with the Commission.
2. Applicant owns certain leasehold interests in the Application Lands.
3. On April 27, 1998, the Commission adopted Rule 318A, which, among other things, allowed certain drilling locations to be utilized to drill or twin a well, deepen a well or recomple a well and to commingle any or all of

the Cretaceous Age Formations from the base of the Dakota Formation to the surface. On December 5, 2005, Rule 318A was amended to allow interior infill and boundary wells to be drilled and wellbore spacing units to be established. On August 8, 2011, Rule 318A was again amended to, among other things, address drilling of horizontal wells.

4. On February 19, 1992, the Commission entered Order No. 407-87 (amended August 20, 1993) which, among other things, established 80-acre drilling and spacing units for the production of oil, gas and associated hydrocarbons from the Codell-Niobrara Formations, the Codell Formation, and the Niobrara Formation underlying certain lands, including the Application Lands, with the permitted well locations in accordance with the provisions of Order No. 407-1.

5. On June 27, 2011, the Commission entered Order No. 232-279, which among other things, approves the request for an order to pool all interests in an approximate 160-acre designated wellbore spacing unit, including portions of the Application Lands, for the development and operation of the Codell, Niobrara and J-Sand Formations. 6. On March 17, 2014, the Commission entered Order No. 407-958, which among other things, approves the request for an order to pool all interests in an approximate 400-acre designated wellbore spacing unit, including portions of the Application Lands, for the development and operation of the Niobrara Formation. Order No. 407-958 does not affect this Application.

7. On March 2, 2015, the Commission entered Order No. 407-1237, which among other things, approves the request for an order to pool all interests in two (2) approximate 640-acre designated wellbore spacing units, including portions of the Application Lands, for the development and operation of the Niobrara Formation. Order No. 407-1237 does not affect this Application.

8. Applicant designated the two (2) 640-acre Wellbore Spacing Units for the production of oil, gas, and associated hydrocarbons from the Niobrara Formation pursuant to Rule 318A and notified the appropriate parties under Rule 318A.

9. Applicant, pursuant to Commission Rule 530 and/or the provisions of C.R.S. § 34-60-116 (6) and (7), hereby requests an order to pool all interests, including but not limited to, any non-consenting interests, in the Application Lands in the Niobrara Formation underlying the following approximate 640-acre Wellbore Spacing Unit for the drilling of the Marcus LD 11-379HN Well (API No. Pending):

Township 1 South, Range 67 West, 6th P.M.

Section 2: $W\frac{1}{2}W\frac{1}{2}$

Section 3: $E\frac{1}{2}E\frac{1}{2}$

Section 10: $E\frac{1}{2}E\frac{1}{2}$

Section 11: $W\frac{1}{2}W\frac{1}{2}$

(throughout as "WSU #1").

10. Applicant requests that the Commission's pooling order be made effective as of the earlier of the date of this Application, or the date that the costs specified in C.R.S. § 34-60-116(7)(b) are first incurred for the drilling of the Well to the Niobrara Formation in the WSU #1, on the Application Lands.

11. Applicant, pursuant to Commission Rule 530 and/or the provisions of C.R.S. § 34-60-116 (6) and (7), hereby requests an order to pool all interests, including but not limited to, any non-consenting interests, in the Application Lands in the Niobrara Formation underlying the following approximate 640-acre Wellbore Spacing Unit for the drilling of the Marcus LD 11-380HN Well (API No. Pending):

Township 1 South, Range 67 West, 6th P.M.

Section 2: $W\frac{1}{2}W\frac{1}{2}$

Section 3: $E\frac{1}{2}E\frac{1}{2}$

Section 10: $E\frac{1}{2}E\frac{1}{2}$

Section 11: $W\frac{1}{2}W\frac{1}{2}$

(throughout as "WSU #2").

12. Applicant requests that the Commission's pooling order be made effective as of the earlier of the date of this Application, or the date that the costs specified in C.R.S. § 34-60-116(7)(b) are first incurred for the drilling of the Well to the Niobrara Formation in the WSU #2, on the Application Lands.

13. Applicant certifies that copies of this Application will be served on all persons owning an interest in the mineral estate of the tracts to be pooled within seven (7) days of the date hereof, as required by Rule 503.e., and that at least thirty-five (35) days prior to the hearing on this matter, each such interest owner not already leased or voluntarily pooled will be offered the opportunity to lease, or to participate in the drilling of the Wells, and will be provided with the information required by Rule 530 as applicable.

14. That in order to prevent waste and to protect correlative rights, all interests in the Wellbore Spacing Units should be pooled for the orderly development of the Niobrara Formation, including any non-consenting interests therein.

WHEREFORE, Applicant requests that this matter be set for hearing at the next available opportunity, that notice be given as required by law, and that upon such hearing, the Commission enter its order:

A. Pooling all interests in the Application Lands and the Wellbore Spacing Units for the development of the Niobrara Formation.

B. Providing that the Commission's pooling order is made effective as of the earlier of the date of this Application, or the date that any of the costs specified in C.R.S. § 34-60-116(7)(b) are first incurred for the drilling of the Wells in WSU #1 or WSU #2 in the Wellbore Spacing Units to the Niobrara Formation on the Application Lands.

C. Providing that the interests of any owners with whom the Applicant has been unable to secure a lease or other agreement to participate in, the drilling of the Wells are pooled by operation of statute, pursuant to C.R.S. § 34-60-116(6) and (7), and made subject to the cost recovery provisions thereof with respect to the Wells drilled to develop the Niobrara Formation in the Wellbore Spacing Units comprising the Application Lands.

D. For such other findings and orders as the Commission may deem proper or advisable in this matter.

WHEREFORE, Applicant respectfully requests that this matter be set for hearing in January 2016, that notice be given as required by law, and that upon such hearing, the Commission enter its order consistent with Applicant's request as set forth above.

Dated: November 25, 2015.
