APPLICATION

Petro Operating Company LLC ("Applicant"), Operator No. 10583, by its attorneys, Welborn Sullivan Meck & Tooley, P.C., respectfully submits this Application to the Oil and Gas Conservation Commission of the State of Colorado ("Commission") for an order establishing an approximate 1,280-acre drilling and spacing unit and establishing well location rules applicable to the drilling of wells and producing of oil, gas and associated hydrocarbons from the Codell and Niobrara Formations covering certain lands in Adams County, Colorado. In support of its Application, Applicant states:

1. Applicant is a Colorado limited liability company duly authorized to conduct business in the State of Colorado and is a registered operator in good standing with the Commission.
2. Applicant owns leasehold interests in the following lands ("Application Lands") and therefore is an owner, as defined by the Colorado Oil and Gas Conservation Act and Commission Rules, with the right to drill:

Township 2 South, Range 67 West, 6th P.M.  
Section 10: All  
Section 11: All

A reference map of the Application Lands is attached hereto.

3. On April 27, 1988, the Commission adopted Rule 318A, the Greater Wattenberg Area Special Well Location, Spacing and Unit Designation Rule, which was amended on August 8, 2011 to, among other things, address the drilling of horizontal wells and requires that a horizontal wellbore spacing unit must include any governmental quarter-quarter section that are located less than 460' from the completed interval of the wellbore lateral. Rule 318A supersedes all prior Commission drilling and

spacing orders affecting well location and density requirements of the Greater Wattenberg Area. The Rule does not, however, prohibit the establishment of drilling and spacing units within the Greater Wattenberg Area. The Application Lands are subject to this Rule.

4. To promote efficient drainage of the Codell and Niobrara Formations within the Application Lands and to avoid waste, Applicant requests that the Commission establish an approximate 1,280-acre drilling and spacing unit covering the below-described Application Lands for production of oil, gas and associated hydrocarbons from the Codell and Niobrara Formations:

Township 2 South, Range 67 West, 6th P.M.

Section 10: All

Section 11: All

5. Applicant is requesting authorization to drill and complete one (1) horizontal well in the above-described drilling and spacing unit with the option to drill and complete up to a total of twenty-four (24) horizontal wells in the unit for production of oil, gas and associated hydrocarbons from the Codell and Niobrara Formations. Applicant further requests that the treated interval of each wellbore be located no closer than 150 feet from the treated interval of any other wellbore producing from the Codell and/or Niobrara Formations, and no closer than 460 feet from the unit boundary, without exception being granted by the Director.

6. Applicant requests authority to drill only those wells necessary to determine the well density which allows the most efficient drainage of the Codell and Niobrara Formations, prevents waste, does not adversely affect correlative rights, and assures the greatest ultimate recovery of oil, gas and associated hydrocarbon substances from the Codell and Niobrara Formations. The proposed drilling and spacing unit is not smaller than the maximum area that can be economically and efficiently drained by the authorized wells in the unit. Applicant further maintains that the authorized wells drilled in the above-proposed drilling and spacing unit will have no adverse effect on correlative rights of adjacent owners.

7. Applicant states that the authorized wells will be drilled from one well pad located within the unit and/or from a legal location on adjacent lands, without exception granted by the Director.

8. The names and addresses of the interested parties according to the information and belief of the Applicant are set forth in Exhibit A attached hereto and made a part hereof, and the undersigned certifies that copies of this Application shall be served on each interested party within seven days after filing of the original application as required by Rules 503.e and 507.b.(1).

WHEREFORE, Applicant respectfully requests that this matter be set for hearing, that notice be given as required by law and that, upon such hearing, this Commission enter its order consistent with Applicant's proposals as set forth above.

Dated this 18<sup>th</sup> day of January, 2018.

Respectfully submitted,

WELBORN SULLIVAN MECK & TOOLEY, P.C.
