

BEFORE THE OIL AND GAS CONSERVATION COMMISSION
OF THE STATE OF COLORADO

IN THE MATTER OF THE **AMENDED**) Cause No. 407
APPLICATION OF EXTRACTION OIL &)
GAS, INC FOR AN ORDER ESTABLISHING) Docket No. 180600437
AN APPROXIMATE **1,891.77-ACRE**~~1,920-~~)
~~ACRE~~ DRILLING AND SPACING UNIT, AND) Type: SPACING
ESTABLISHING WELL LOCATION RULES)
FOR THE DRILLING OF WELLS AND)
PRODUCING OF OIL, GAS, AND)
ASSOCIATED HYDROCARBONS FROM)
THE NIOBRARA AND CODELL)
FORMATIONS, COVERING SECTIONS 4,)
5, AND 6, TOWNSHIP 2 SOUTH, RANGE 66)
WEST, 6TH P.M., WATTENBERG FIELD,)
ADAMS COUNTY, COLORADO)

AMENDED APPLICATION

Extraction Oil & Gas, Inc. ("Applicant"), Operator No. 10459, by its attorneys, Welborn Sullivan Meck & Tooley, P.C., respectfully submits this **Amended** Application to the Oil and Gas Conservation Commission of the State of Colorado ("Commission") for an order establishing an approximate **1,891.77-acre**~~1,920-acre~~ drilling and spacing unit, and establishing well location rules applicable to the drilling of wells and producing of oil, gas and associated hydrocarbons from the Niobrara and Codell Formations covering certain lands in Adams County, Colorado. In support of its **Amended** Application, Applicant states as follows:

1. Applicant is a corporation duly authorized to conduct business in the State of Colorado, is a registered operator in good standing, and owns leasehold interests in the following lands ("Application Lands"):

Township 2 South, Range 66 West, 6th P.M.
Section 4: All
Section 5: All
Section 6: All

A reference map of the Application Lands is attached hereto.

2. On April 27, 1988, the Commission adopted Rule 318A, the Greater Wattenberg Area Special Well Location, Spacing and Unit Designation Rule, which was amended on August 8, 2011 to, among other things, address the drilling of horizontal wells and requires that a horizontal wellbore spacing unit must include any governmental quarter-quarter section that are located less than 460' from the completed

interval of the wellbore lateral. Rule 318A supersedes all prior Commission drilling and spacing orders affecting well location and density requirements of the Greater Wattenberg Area. The Rule does not, however, prohibit the establishment of drilling and spacing units within the Greater Wattenberg Area.

3. To promote efficient drainage of the Niobrara and Codell Formations within the Application Lands and to avoid waste, the Commission should establish an approximate ~~1,891.77-acre~~^{1,920-acre} drilling and spacing unit, and approved up to sixteen wells within the unit, for the Application Lands described below for production of oil, gas and associated hydrocarbons from the Niobrara and Codell Formations:

Township 2 South, Range 66 West, 6th P.M.

Section 4: All
Section 5: All
Section 6: All

4. Applicant is requesting to drill and complete one (1) horizontal well in the approximate ~~1,891.77-acre~~^{1,920-acre} drilling and spacing unit with the option to drill and complete up to a total of sixteen (16) horizontal wells in the unit for production of oil, gas and associated hydrocarbons from the Niobrara and Codell Formations in the Application Lands. Applicant further requests that the treated interval of each wellbore be no closer than 150 feet from the treated interval of any other wellbore producing from the Niobrara and Codell Formations, and no closer than 460 feet from the unit boundary, without exception being granted by the Director.

5. Applicant requests authority to drill only those wells necessary to determine the well density which allows the most efficient drainage of the Niobrara and Codell Formations, prevents waste, does not adversely affect correlative rights, and assures the greatest ultimate recovery of oil, gas and associated hydrocarbon substances. The proposed drilling and spacing unit is not smaller than the maximum area that can be economically and efficiently drained by the authorized wells in such drilling and spacing unit. Applicant further maintains that the requested setbacks and the wells drilled in the above-proposed drilling and spacing unit will have no adverse effect on correlative rights of adjacent owners.

6. Applicant further requests that the wells are drilled from no more than one (1) well pad within the unit or from a legal location on adjacent lands.

7. The names and addresses of the interested parties according to the information and belief of the Applicant are set forth in Exhibit A attached hereto and made a part hereof., ~~and the undersigned certifies that copies of this **Amended** Application shall be served on each interested party within seven days after filing of the **Amended** Application as required by Rules 503.e. and 507.b.(1).~~

WHEREFORE, Applicant respectfully requests that this matter be set for hearing, that notice be given as required by law and that, upon such hearing, this Commission enter its order consistent with Applicant's proposals as set forth above.

Dated this 7th day of ~~May~~ April, 2018.

Respectfully submitted,

WELBORN SULLIVAN MECK & TOOLEY, P.C.

MOTION FOR AN ORDER OF SERVICE BY PUBLICATION

Extraction Oil & Gas, Inc. (“Extraction” or “Applicant”), Operator No. 10459, by its attorneys, Welborn Sullivan Meck & Tooley, P.C., respectfully submits this Motion for Service by Publication to the Oil and Gas Conservation Commission of the State of Colorado (the “Commission”) pursuant to Section 34-60-108(4) and Colorado Rule of Civil Procedure 4(g) and, as grounds therefore, Applicant states:

A. Factual and Procedural History

1. Extraction is a corporation duly authorized to conduct business in the State of Colorado, is a registered operator in good standing with the Commission, and is an Interested Party in the subject matter of the above-referenced Docket as the applicant and owner of certain leasehold interests in the Application Lands described below:

Township 2 South, Range 66 West, 6th P.M.
Section 4: All
Section 5: All
Section 6: All

2. The Commission has jurisdiction over the subject matter embraced in said Docket, and of the parties interested therein, and jurisdiction to promulgate the hereinafter prescribed order pursuant to the Oil and Gas Conservation Act.

3. On April 12, 2018, amended May 7, 2018, Extraction filed an application pursuant to Section 34-60-116, C.R.S., for an order establishing an approximate 1,891.77-acre drilling and spacing unit covering the above-described lands, approving up to sixteen (16) horizontal wells within the unit, and establishing well location rules applicable to the drilling of wells and producing of oil, gas and associated hydrocarbons from the Niobrara and Codell Formations covering Application Lands.

4. Extraction made diligent efforts, both before and after filing the Application, to locate all Interested Parties and to serve them with a copy of the Application. Despite its best efforts, Extraction has been unable to locate multiple Interested Parties. With no means for service, Extraction now moves that the Commission grant permission to serve the below-identified Interested Parties by publication.

5. Copies of the Application were prepared, and were served on all locatable Interested Parties pursuant to Rule 507.b.(1) and pursuant to Rule 503.e.

6. Upon reasonable due diligence, which is further detailed herein, Extraction was unable to find address information for the following Interested Parties:

Bill Smith
Heirs of JC Chamblers
Guss & Frances Jahnke
John R. Lautz
Michael Francis Shertzer

(hereinafter the "Unlocatable Interested Parties").

7. The Commission has determined that in order for publication by notice to be effective as to persons with unknown addresses, the Applicant must first comply with Colorado Rule of Civil Procedure 4(g), which authorizes service of process by publication only after the Applicant files a verified motion with the Commission detailing Applicant's attempts to provide actual notice of the proceedings and the Commission grants the motion.

B. Applicable Standard

8. Colorado's Oil and Gas Conservation Act allows for service of unit applications by publication. Section 34-60-108(4), C.R.S., provides in relevant part:

"Any notice required by this article, except as provided in this section, shall be given by the commission either by mailing a copy thereof, postage prepaid, to the last known mailing address of the person to be given

notice, or by personal service. In addition, the commission shall cause one publication of such notice, at least ten days prior to the hearing, in a newspaper of general circulation in the city and county of Denver and in a newspaper of general circulation in the county where the land affected, or some part thereof, is situated...In all cases where there is an application for the entry of a pooling order or unitization order...notice of the hearing to be held on such application or complaint shall be served on the interested parties either by mail as provided in this subsection (4) or in the same manner as is provided in the Colorado rules of civil procedure for the service of process in civil actions in the district courts of this state.”

9. Commission Rule 519 also states that the Colorado Rules of Civil Procedure (“C.R.C.P.”) apply to Commission proceedings unless they are inconsistent with Commission Rules or the Colorado Oil and Gas Conservation Act.

10. C.R.C.P. Rule 4(g) provides:

“Except as otherwise provided by law, service by mail or publication shall be allowed only in actions affecting specific property or status or other proceedings in rem. When service is by publication, the complaint need not be published with the summons. The party desiring service of process by mail or publication under this section (g) shall file a motion verified by the oath of such party or of someone in the party's behalf for an order of service by mail or publication. It shall state the facts authorizing such service, and shall show the efforts, if any, that have been made to obtain personal service and shall give the address, or last known address, of each person to be served or shall state that the address and last known address are unknown. The court, if satisfied that due diligence has been used to obtain personal service or that efforts to obtain the same would have been to no avail, shall:

(1) Order the party to send by registered or certified mail a copy of the process addressed to such person at such address, requesting a return receipt signed by the addressee only. Such service shall be complete on the date of the filing of proof thereof, together with such return receipt attached thereto signed by such addressee, or

(2) Order publication of the process in a newspaper published in the county in which the action is pending. Such publication shall be made once each week for five successive weeks. Within 14 days after the order the party shall mail a copy of the process to each person whose address or last known address has been stated in the motion and file proof thereof. Service shall be complete on the day of the last

publication. If no newspaper is published in the county, the court shall designate one in some adjoining county.”

C. Extraction’s Due Diligence in Attempting to Locate the Unlocatable Interested Party

11. In attempting to locate a last known address for the Unlocatable Interested Parties, Extraction researched the public records maintained by the clerk and recorders of Adams County, reviewed internal land and well records, researched the Commission’s public records and prior filings, and conducted a thorough search through third party online services, including TLO, Whitepages, Google, and other public search databases. However, as of the date of this Motion, Extraction is unable to find an address for the Unlocatable Interested Parties.

D. Relief Requested

1. That the Commission order publication of process, in the form attached hereto, in the Application subject to the above-referenced Docket in a newspaper published in Adams County, Colorado.
2. Grant such other findings and orders as the Commission may deem proper or advisable in this matter.

DATED this 15th day of May, 2018
