- 1) **Conditions of Approval:** The following COAs are required for the addition of the freshwater storage pit:
 - COA 1:** The freshwater storage pit shall include signage that: identifies the pit use as a freshwater-only pit, prohibits placing E&P Waste in the pit, and lists each well that the pit will serve.
 - COA 2:** Operator is prohibited from allowing any fluids to flow back to the freshwater storage pit.
 - COA 3:** The freshwater storage pit shall be constructed and maintained to prevent terrestrial wildlife or livestock entrapment.
 - COA 4:** Notify COGCC OGLA Specialist Rick Allison at rick.allison@state.co.us 48 hours prior to construction of the freshwater storage pit.
