Mr. Lepore:

Great Western Oil and Gas Company, LLC is planning to drill the above mentioned wells to the Niobrara - Codell formation(s).

The surface location of Great Western's proposed wells has been staked outside of the 318A.a drilling window. The location is being permitted as an exception location. This location is a good location to both reduce the impact on the surface owner and to increase the number of wells reachable from one well pad to minimize surface disturbance.

Great Western Oil and Gas Company, LLC respectfully requests that the COGCC review the enclosed information and approve the requested exception location waiver and Application for Permit to Drill the captioned wells. Thank you for your attention to the enclosed.

Respectfully,

Janni Keidel
