

EASEMENT, RIGHT-OF-WAY and SURFACE DAMAGES AGREEMENT

This Easement, Right-of-Way and Surface Damages Agreement ("Agreement") is entered into as of 8th day of May, 2013, by and between **Barclay Farms LLC**, ("Surface Owner"), whose address is 13017 County Road 30, Platteville, Colorado 80651, and **Kerr-McGee Oil & Gas Onshore LP**, ("KMG"), with offices at 1099 18th St., Suite 1800, Denver, CO 80202, covering certain lands (the "Lands") situated in Weld County, Colorado, described as follows:

Township 2 North, Range 67 West, of the 6th P.M.
Section 14: SE/4

For and in consideration of the sum of ten dollars (\$10.00) and other valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the undersigned hereby agrees to the terms and provisions set forth as follows:

1. Compensation for Operations; Release of All Claims

KMG shall pay to Surface Owner the sum and perform the obligations set forth in and according to the terms of that certain Letter Agreement by and between Surface Owner and KMG of even date, as full consideration and final settlement and satisfaction for any and all detriment, depreciation, injury or damage of any nature to the Lands or growing crops thereon that may occur as a result of KMG drilling and completion operations on the Lands, and its continuing activities for the production and/or transportation of oil, gas, or other hydrocarbons or products associated with such operations and activities including, but not limited to, surface use, access, mud and reserve pits, wellhead equipment, separators, tank batteries, pipelines, electrical lines, gathering lines, flowlines, pipeline interconnections, and any and all other reasonable and customary uses of land related to said operations or activities.

2. Acknowledgement of Right of Way and Easement

Surface Owner acknowledges and understands that KMG, as owner or lessee of the oil and gas estate for the Lands, owns an easement and right-of-way that burdens the Lands, and that KMG has a continuing right and entitlement to construct, own, operate, maintain, repair and replace all electrical lines, flowlines, gathering lines, other pipelines and related equipment that may be necessary or convenient to its operations on the Lands, including but not limited to, constructing, using and maintaining access roads, locations for surface equipment and subsurface gathering lines, electrical lines, pipelines and pipeline interconnections for its operations and activities; provided, however, KMG agrees that it will not construct pipelines in a manner that interferes with existing improvements on the Lands at the time the pipelines are proposed to be constructed.

Surface Owner further agrees that, Kerr-McGee Gathering LLC, an affiliate of KMG, or another third party gas gatherer designated by KMG, may exercise the easement rights described herein.

Surface Owner grants and conveys to KMG and any KMG affiliates the right to produce, drain and transport oil, gas and other minerals from the Lands, as well as oil and gas from lands other than the lands covered by the oil and gas lease(s) that includes all or a portion of the Lands or leases that are pooled with the leases for the Lands.

This Agreement, consent and grant of the right to drill, produce and transport third party or off-lease gas, or gas that is not pooled with the lease gas, shall be binding upon the respective heirs, executors, administrators, successors, and assigns of the parties hereto.

3. Surface Locations

This Agreement covers only those wells depicted on Exhibit "A", and does not cover future wells that may be drilled on the Lands. This Agreement does not in any way limit the rights of KMG to drill additional wells on the Lands, nor does KMG waive any rights consistent with its mineral ownership in the Lands. KMG shall consult with Surface Owner concerning ways of ingress and egress, well locations, tank battery/treater locations and tanker truck service areas associated with any additional wells.

3. Waivers

Surface Owner hereby waives its right to and covenants not to protest or object to the use of the surface of the Lands so long as such use is consistent with this Agreement. Furthermore, Surface Owner will provide KMG or its successors and assigns with any and all written support they may reasonably require to obtain permits from the Colorado Oil and Gas Conservation Commission or any local jurisdiction.

4. Binding Agreement

This Agreement shall be binding upon the respective heirs, executors, administrators, successors, and assigns of the parties hereto.

The undersigned have executed this Agreement as of the day first above written.
