Dear Mr. and Mrs. Cherry,,

Rule 305. c. requires an Oil and Gas Location Assessment Notice (OGLA Notice) be provided to you upon determination of completeness of the Form 2A of the state permit application. The notice is included in the package that includes this waiver request.

This OGLA notice provides for a public comment period of up to 30 days prior to permit approval. This comment period may be extended for an additional 10 days under COGCC Rule 305.d.

In order to attempt to complete operations in this area prior to inclement fall weather conditions, unless you have objections to, or concerns about the pending operations that you would like to address by meeting/conference or other correspondence with the Colorado Oil and Gas Conservation Commission or La Plata County, Elm Ridge Exploration Company, LLC. is requesting a waiver of the comment period as required under the aforementioned COGCC Rules 305.c. and 305.d.

Your signature to this letter will serve as an acknowledgment to both the La Plata County Planning Department and the COGCC that you are agreeable to waiving this comment period as a courtesy in order to allow Elm Ridge to begin to prepare the location and begin for drilling operations at the earliest possible time.

Thank you for your courtesy and cooperation.

Sincerely,

Doug Joyce
Landman/Associate
Finney Land Co., Agent for Elm Ridge Exploration Company, LLC

The undersigned hereby waives the comment period as recited under COGCC Rule 305.c. and 305.d.
