Subject: State Reportable Release

Good Morning,

We had a State Reportable Release at the location listed below. While performing clean-up in response to a non-reportable release inside containment, groundwater was encountered. A groundwater sample was collected on April 9, 2015. Results received on April 10, 2015 indicate that groundwater impacts are present. More information will be provided in a forthcoming Form 19. Please do not hesitate to contact me with any questions. Thank you,
