**Inspector Comment:**

This is an interim reclamation inspection. It appears that a discharge has recently occurred on the location. Southwest environmental specialist Jim Hughes was notified of the discharge as well as ConocoPhillips Staff, Crystal Walker and Lisa Hunter. The following inspection addresses only issues related to interim reclamation and stormwater control.

Comment: Vegetation within the interim reclamation area is largely weeds. Desirable vegetation species are widely spaced. Revegetation needs to be assessed during the active growing season and re-seeded if necessary. Large kochia plants within the southeastern portion of the project area will soon break off and become debris. These need to be removed. See attached photos.
