Re: Ziegler A-6
Logan County, Colorado

Gentlemen:

This well has just recently been sold to National Supply Company for net salvage. We have been informed by the Oil and Gas Conservation Commission of the state of Colorado that their office should be notified prior to the date and time of actual plugging operations, in order that they might have a representative present to witness the plugging operations.

We will appreciate very much your making certain that the O&GCC is notified in advance of actual plugging procedure.

Very truly yours,

THE BRITISH-AMERICAN OIL PRODUCING COMPANY
