| DATE | COMMENTS |
| 3/23/88 | met with dirt contractor and reviewed work. Did a complete dirt work job on the B-2 access road and location. Spread brush on B-2 but not on B-1. Looks pretty good - they will call about whether they seed now (with mulch) or this fall. |
| 4/1/88 | They applied seed and hay mulch on both B-1 & B-2. Placed brush on areas. |
| 9/8/89 | Well location was inspected for final abandonment on this date. Reclamation is satisfactory and can be approved. |

B+W Fed B2

This well was plugged and final reclamation was approved.

B+W Fed B1

We never recieved a subsequent report of abandonment, but the inspection records show the well was plugged. Final reclamation was never approved.
