General Comment:

This is an Abandoned Location Inspection for Well API#045-08179; APD first Approved 7/2/2002; Permit Abandoned 11/14/2003. It does not appear that this AL Well was drilled on Location with One PR Well; therefore this is a Well Release on an Active Location.

This Well was passed for Final Reclamation in 2016; however it was inadvertently Checked in Field Inspection in 2018 giving it an Active Priority Status. This Inspection clears the mistaken Active Priority Status.
