<p>COGCC Inspection Report Summary                      On 5/2/19 at approximately 1000, Inspector Justin Medina conducted an on-site inspection at 001-08920 Lewton Company F unit 1 Natural Resource Group Inc. at Weld County Colorado.</p> <p>While there, I observed shut in well.                      This is a follow up inspection for document # 688400401 and 685503179                      All CA are delinquent from past 2 inspections. 2017 &amp; 2018                      During this inspection the following possible compliance issues were observed:                      no content label, capacity, or NFPA on concrete buried vault. No capacity, or NFPA on partially buried fiberglass vault. No emergency number on tank battery. No NFPA placard or capacity on separator. See pic 1, 3, 10,                      Install sign to comply with Rule 210.b. 7/12/17                      No emergency contact number on tank battery see pic 1                      Install sign to comply with Rule 210.b. 7/12/17                      weeds around location appear to be taking over. What appears to be empty metal drums on location see pic 7&amp;9                      Comply with Rule 603.f . 7/12/17                      What appears to be leaking separator. see pic 3,4,5. Berm appears to have animals burrowed through earth.                      Securely fasten all valves, pipes, and fittings to ensure good mechanical condition, inspect at regular intervals and maintain in good mechanical condition per Rule 605.d.                      Repair or install berms or other secondary containment devices per Rule 906.d.(1). 7/12/17                      Berms appear to have animals burrowed through earth. Shares containment with partially buried fiberglass vault                      Repair or install berms or other secondary containment devices per Rule 906.d.(1). 7/12/17                      Animals appear to have burrowed through earth berm on concrete vault berm.                      Repair or install berms or other secondary containment devices per Rule 906.d.(1). 7/12/17                      A follow up on this site inspection needs to be conducted to ensure the compliance issues have been corrected to comply with COGCC rules.                      This is a summary of inspection report.</p>	medinaj	05/02/2019
