Operator Comment: This FIRR form does not allow to submit just one CA response. This FIRR is being submitted to document the other CA has been completed. For this CA, yes the writing on the tank has faded, SG has plans to stencil the capacity onto the tanks the week of June 3rd, 2019, which is prior to the 7/19/19 deadline. Unfortunately, this form will not allow access again to document the stenciling completion.

Date: 05/31/2019

Response: CA COMPLETED

Date of Completion: 05/22/2019

Operator Comment: The stained soil was properly stored, and handled per Rule 907 on location as documented in the inspection photos, as well as in the attached photos. SG was waiting for safe driving conditions to haul the soil to Greenleaf, however based on the Corrective Action, SG hauled the stained soil away and properly disposed of it. The truck tickets for hauling the soil are attached as well as photos showing the soil has been removed.

COGCC Decision: Approved pending re-inspection
