DEAR MR. ROGERS:

Attached is a very late permit for the Simasko -
Giacomini #1, which we have already drilled. I've
discussed this with Frank Piro, and Mr. Jules DiSalvo
is aware of this also. We apologize tremendously for
this gross error on our part; and hope only that you
won't be too mad at us (me).

Also, attached for this same well is the plugging
"dope". Location plats have already been forwarded
to your office.

If you have any questions at all regarding this
matter please feel free to contact me personally.

Thanks again - -
