Mr. Morris Bell  
Colorado Oil & Gas Commission  
The Chancery Building  
1120 Lincoln Street, Suite 801  
Denver, CO 80203

Dear Morris:

Although Pintail Petroleum Ltd. has been defacto operator of this lease since early April, we have not received change of operator approval from the Commission and won't until the Lowe #2 is plugged and abandoned to the Commission's satisfaction. Until such time as we are such operator of record we will not have the files and so will possibly have some problems with paperwork requirements by the State. However, we have requested plugging instructions for three Lowe Arnold wells, the Lowe #2 well and the Larsen #23-14 well. We anticipate this work will be completed by the end of August. We will plug the Lowe #2 as soon as a rig is available and that should allow us to become operator of record.

Yours very truly,
