**RE: Form 4 Sundry Notice – Final Reclamation
Kerr-McGee Oil & Gas Onshore LP (Operator: 47120)
HSR-BUERGER 10-5, Location ID: 328927
NWSE S05-T3N-R66W
Weld County, Colorado**

Dear Ms. Graves:

LT Environmental, Inc. (LTE) was contracted by Kerr-McGee Oil & Gas Onshore LP (Kerr-McGee) to complete final reclamation inspections at plugged and abandoned (P&A) well sites located in Weld County, CO. The reclamation inspections were conducted in accordance with Colorado Oil and Gas Conservation Commission (COGCC) Rule 1004.

The former HSR-Buerger 10-5 well (API: 05-123-16632) was P&A'd on August 23, 2016 according to Form 6 Document Number 401112103. On June 11, 2019, LTE conducted a final reclamation inspection for the former HSR-Buerger 10-5 well pad (Location ID: 328927). The former well pad has successfully been returned to agricultural use. The inspection determined that final reclamation has been achieved in compliance with COGCC Rule 1004, which applies to reclamation of agricultural lands. The associated tank battery remains active and is located 0.42 miles south east. LTE personnel located the P&A wellhead location using a handheld Trimble (R1) Global Positioning System (GPS) unit and latitude and longitude coordinates obtained from the COGCC online database. A general site location map is included as Figure 1; and the Site Map displaying the location of the reclaimed site on aerial imagery is included as Figure 2. Photographs of the P&A location were taken facing each cardinal direction from the P&A wellhead location. The photographic log is included as Attachment 1.

Based on the successful reclamation of the HSR-Buerger 10-5 site, a Form 4 Sundry Notice requesting final reclamation status has been prepared for the submittal to the COGCC. This letter will be included as an attachment to the electronic Form 4 submittal.

If you have any questions or need additional information, please do not hesitate to contact us.

Sincerely,

LT ENVIRONMENTAL, INC.
