General Comment:

COGCC Inspection 689803872 Report Summary
On Tuesday 3/24/2020 at approximately 1:15, I, Inspector Emily Waldron, conducted a field inspection at Southland Royalty Company LLC/EOG Y Bighole Gulch Unit 3, at 05-081-07597 in Moffat County Colorado. While there, I observed a shut-in location. During this inspection the following possible compliance issues were observed: Well has been shut-in since January 2016. No MIT on file. Well is overdue for Mechanical Integrity Test. MIT requires 10-day notification via Form 42. Well plugging requires an approved Form 6 Intent to Abandon to Plug Well. Produce well after performing successful mechanical integrity test per Rule 326 or plug well. To maintain shut-in status, the well must be able to demonstrate ability to produce without mechanical intervention by 4/27/2020. A follow up on this site inspection will be conducted to ensure the compliance issues have been corrected to comply with COGCC rules. This is a summary of inspection report 689803872.
