**General Comment:**

This is a summary of inspection report.

The status of well 697-12A #18 showing WO but I saw no well head for it but did see a metal cellar ring that has been backfilled. There is a Form 6 (doc# 1705112) from 2008 that is "in-process" still. It looks like a conductor that was plugged.

On 04/01/2020 at approximately 1500 hours, I, Inspector Mike Longworth, conducted a field inspection at CAERUS PICEANCE LLC 697-12A-66S97W 12SWNE, at Location # 335729 in Garfield County, Colorado

During this inspection the following possible compliance issues were observed:  
 Battery sign is not legible.  
 Tank labels are not updated to reflect current operator.  
 Install sign to comply with Rule 210.e.  
 C.A. Date 06/02/2020  
 A follow up on this site inspection will be conducted to ensure the compliance issues have been corrected to comply with COGCC rules.
