<p>COGCC Inspection Report Summary                      On Monday 04/20/2020 at approximately 1430 hrs. I, Inspector Robbie Revas,                      Conducted an on-site inspection at a Noble Energy location:                        Ozbun 10-19 at API #05-123-21091                        in Weld County Colorado.                      While there, I observed a SI Wellsite &amp; Tank battery.                      During this inspection no compliance issue was observed:                      See attached photos.                      Location is mostly dry some mud, weather is clear.                      No follow up on this site inspection needs to be conducted to ensure the                      Compliance issues have been corrected to comply with COGCC rules.                      Continuing education COGCC Inspection Report Summary.                      This is a summary of inspection report.</p>	revasr	04/20/2020
