**General Comment:**

This is an environmental inspection to document status of Spill #476499.

Operator reported spill via phone call to area Environmental Protection Specialist.

Inspection found spill was entirely contained within secondary containment earthen berm. See attached photos.

New tank on location and will replace tank that was source of spill. Operator informed of requirement to adhere to new tank battery setback rules if tank battery is to be reconstructed in another location. Operator has filed Form 19 #402401754 to report spill of greater than 5 bbl oil inside containment. Operator shall adhere to Conditions of Approval on approved Form 19.

**Environmental**

**Spills/Releases:**
