**General Comment:**

On 5/26/2020, Reclamation Specialist Trujillo conducted a final reclamation and stormwater inspection at Gunnison Energy's Federal #11-90-7 location in Gunnison County, Colorado.

This inspection is also a followup to Inspection #680600788 to document compliance for the following corrective actions:  
-Comply with 1004 series rules by October 15, 2016.

The following compliance issues were observed during this inspection:

1004.a: Final Reclamation

1004.e: Weed control

Refer to the "Reclamation", and "Good Housekeeping" section of this inspection report for additional details.

Refer to the photo-documentation of the observed compliance issues attached to this report.

Any corrective action(s) from previous inspections that have not been addressed are still applicable.

A follow up on this site inspection will be conducted to ensure the compliance issues have been corrected to comply with COGCC rules.

**COGCC Comments**

Comment	User	Date
<b>RECLAMATION COMMENTS</b>  FIR #680600788 dated 6/9/2016 observed that the Location does not meet 1004 reclamation requirements; Equipment remains, Location and access road requiring compaction alleviation and contouring. FIR required Operator to perform the following corrective actions by 10/25/2016: Equipment needs to be removed and well pad and access road need to be de-compacted, re-contoured, and seeded to comply with 1004 series rules by October 15, 2016.  It was observed in this inspection that the Location remains out of compliance with 1004 Rules and corrective actions; Anchor equipment remains on NW corner of Location; Gravel remains on Location and access road; Location and access road has not been contoured and compaction alleviation not conducted and site/road revegetated; noxious weeds evident.  Corrective actions from FIR #680600788 have not been addressed, therefore corrective action date remains applicable.	trujilloam	05/29/2020
