Comment:

Operator constructed the location but only set conductor. Operator has performed final reclamation activities and has performed recent weed management. Refer to the attached inspection photos. Operator shall continue to monitor and manage this site until the location meets Rule 1004 standards, including stormwater and weed management. Operator shall submit a Form 4 Final Reclamation Complete notice when the location meets Rule 1004 standards. COGCC may conduct inspections prior to receiving said notice to ensure compliance with Rule 1004.

Operator submitted an inaccurate Form 4 (Doc.# 402326753) stating Location was never constructed.

Corrective Action:

If only a conductor was set, Operator needs to document the abandonment with a Sundry Notice, not Form 6S because there is not a well to plug.
