Operator Comments:

Only the surface portion of this well was drilled and surface casing set. Drilling activity was suspended on 9/7/2020 and is anticipated to commence on 3/2/2021.

Top of Productive Zone and Bottom hole location footages are based on approved APD footages due to drilling activity being suspended. Footages will be corrected on the final Form 5 submission.

Well was drilled prior to adoption of WBI Rules and vendor did not create pressure chart to accompany cement verification report.

I hereby certify all statements made in this form are, to the best of my knowledge, true, correct, and complete.
