## General Comment:

## COGCC Inspection Report Summary

On Thursday 2/18/2021 at approximately 1400, I, Inspector Scott Ramsey, conducted a routine inspection at Caerus C35, at Location # 335359 in Garfield county Colorado.

While there, I observed normal production operations. All meters calibrated on location within a year. This location is within a Density Habitat and Wildlife Management Area. Limited storm water inspection due to snow cover

During this inspection the following possible compliance issues were observed:

1. No evidence of tracking control BMP's
2. Tank battery signage does not meet requirements of new rule 605.e

A follow up on this site inspection will be conducted to ensure the compliance issues have been corrected to comply with COGCC rules. This is a summary of inspection report.
