**General Comment:**

COGCC Inspection Report Summary  
 On Friday 2/19/2021 at approximately 1200, I, Inspector Scott Ramsey, conducted a routine inspection at Caerus G32NEB, at Location # 334892 in Garfield county Colorado.  
 While there, I observed normal production operations. All meters calibrated on location within a year. This location is within a Density Habitat and Wildlife Management Area. Limited storm water inspection due to snow cover

During this inspection the following possible compliance issues were observed:  
 1. No evidence of tracking control BMP's  
 2. Tank battery signage does not meet requirements of new rule 605.e

A follow up on this site inspection will be conducted to ensure the compliance issues have been corrected to comply with COGCC rules.  
 This is a summary of inspection report.
