General Comment:

On 10/08/2021, Reclamation Specialist Trujillo conducted an interim reclamation and stormwater inspection at TEP's South Youberg RU 32-12 location in Garfield County, Colorado.

The following compliance issues were observed during this inspection:

- 606.c/1003.f: Noxious weeds
- 608.b.(7): Wildlife protection device

Refer to the "Location", and "Reclamation" sections of this inspection report for additional details.

Refer to the photo-documentation of the observed compliance issues attached to this report.

Any corrective action(s) from previous inspections that have not been addressed are still applicable.

A follow up inspection on this site will be conducted to ensure the compliance issues have been addressed.

 TOTAL % OF DESIRABLE VEGETATION COVER _____
 VEGETATIVE COVER _____

1003 f. Weeds Noxious weeds? F

Comment Undesirable and Noxious Plant species (Musk thistle plants and rosettes) observed on the western interim areas of the Location. Plants from the 2021 growing season appear to have seeded out and died; additional weed monitoring/management required in the 2022 growing season. Additionally, there are areas on the western interim that are dominated by undesirable plant species such as mustard and cheat grass. Additional reclamation may be necessary if it is determined that weeds are outcompeting desirable plant species.

Corrective Action Comply with Rule 606.c/1003.f.
