**General Comment:**[COGCC Inspection Report Summary](#)

Any Corrective Actions from previous Inspections that have not been addressed are still applicable.

On Tuesday 11/23/2021 at approximately 1200, I, Inspector Scott Ramsey, conducted a routine inspection at 31 Operating Wildlife #3-1, at Location # 314981 in Rio Blanco county Colorado.

While there, I observed no production operations. Well is temporarily abandoned. This location is within or in close proximity to a CPW Density/High Priority Habitat, black bear, NSO habitat, Wildlife Management Area. There is no evidence of tracking pad at time of inspection.

During this inspection the following compliance issues were observed:

1. No evidence of tracking control BMP's.
2. Locations weeds have turned into debris throughout location.
3. Access shows signs of lack of stabilization and erosion.
4. One dead man is not properly marked.

Refer to photograph of observed compliance issue.

A follow up on this site inspection will be conducted to ensure the compliance issues have been corrected to comply with COGCC rules. This is a summary of inspection report.
