**General Comment:**

COGCC Inspection Report Summary  
 On Wednesday 2/9/2022 at approximately 1000, I, Inspector Scott Ramsey, conducted a routine inspection at TEP Circle B 2, at Location # 334703 in Garfield county Colorado.

While there, I observed normal production operations. All meters have been calibrated on location within the past year. This location is within or in close proximity to a CPW Density/High Priority Habitat, black bear, NSO habitat, Wildlife Management. Operator (TERRA) has provided there Piceance Basin Storm water Manual of BMP's (SC-4) for a tracking pad.

Location is snow covered in areas at the time of inspection and plowed.

During this inspection the following possible compliance issues were observed:

1. Storage of equipment (ECD)
2. Load line on glycol tank missing cap/plug

Refer to photograph of observed compliance issue.

A follow up on this site inspection will be conducted to ensure the compliance issues have been corrected to comply with COGCC rules.

This is a summary of inspection report.
