General Comment:

This is a follow up inspection to Field Inspection Report Doc.# 697503330 to document stabilization of the location and re-evaluate the topsoil stockpile.

COGCC Staff is delayed in getting this inspection submitted but did observe corrective actions that have been identified in another inspection performed on 4/13/2022 by other COGCC Staff, Erica Petrie Doc.# 696304121. Operator shall perform the corrective actions identified in that inspection.

Comment

In response to the previous corrective action inspection, COGCC Staff contacted the dirt contractor for additional information regarding topsoil salvage operations and received a letter with the approximate scraper load count. COGCC Staff indicated no further action required.

COGCC Staff conducted another drone flight using new tools and came up with the same volume estimate as before- approximately 3350 cubic yards. The dirt contractor stated there is 6960 cubic yards, which COGCC Staff does not agree.

Corrective Action

The previous corrective action remains open. COGCC Staff is contemplating the next steps to be performed and will be in coordination with the Operator.
