General Comment:

On 5/17/2022 Catherine Roy conducted a reclamation and stormwater inspection. During this inspection the following compliance issues were observed:

-Control weeds by 5/28/2022. Submit and implement a weed control plan to manage and control hoary cress. Plan should include a map of infested area around the pipelong ROW, access road ROW, and well pad. It should include a description of managment techniques such as mowing, herbicide, application, etc., consultation with La Plata County weed manager, monitoring schedule, and treatment goals. Weed control plan needs to be submitted as an attachment to a Form 4 by 6/18/2022.

Comment: Stormwater and erosion controls were assessed during this inspection and active erosion was not observed. These controls are assessed for whether they are functioning at the time of the inspection only. A determination as to whether or not they are adequate for the location over the duration of production is not made. Continue monitoring and managing stormwater and erosion controls to ensure compliance with stormwater regulations.

Corrective Action:
