General Comment:

On 5/24/2022 Catherine Roy conducted a reclamation and stormwater inspection. During this inspection the following compliance issues were observed:

- Close and reclaim reclamation areas impacted by vehicle traffic and educate personnel to avoid driving on reclamation areas in order to prevent site degradation. Corrective action date 6/30/2022.

See below, and attached photos for additional detail.

VEGETATIVE COVER _____

1003 f. Weeds Noxious weeds? _____

Comment

Vehicle tracking is occurring within the western reclamation area where multiple vehicle tracks are damaging vegetation. Revegetation is progressing within portions of the reclamation area where tracking is not occurring.

Corrective Action

- Close and reclaim reclamation areas impacted by vehicle traffic and educate personnel to avoid driving on reclamation areas in order to prevent site degradation. Corrective action date 6/30/2022.

Comment:

Stormwater and erosion controls were assessed during this inspection and active erosion was not observed. These controls are assessed for whether they are functioning at the time of the inspection only. A determination as to whether or not they are adequate for the location over the duration of production is not made. Continue monitoring and managing stormwater and erosion controls to ensure compliance with stormwater regulations.
