Comment: See Spill/Release ID 482361 for more information. 6/13/2022 COGCC staff conducted a visual inspection of the spill/release area and observed an excavation measuring approximately 12x12x8 (LxWxH). The majority of the excavation was fenced with exception to the northeast corner. Potentially impacted material was stockpiled southwest of the spill/release area and a detectable hydrocarbon odor was present around the stockpile at time of inspection. See Photo Log for details.

Corrective Action: Operator shall submit a Form 19 Supplemental containing the requirements outlined in Rule 912.b.(4).B and include all pertinent information about the Spill or Release known to the Operator that has not been reported previously, including photo documentation showing the source of the Spill or Release, the impacted area, and initial cleanup activity.
