Comment: There is stormwater directed toward the open top pit which has deposited sediment up against the berm. It appears the diversion ditch has filled in with sediment. Stormwater needs to be directed around the location. There is also vehicle rutting and erosion along the adjacent access road.

Corrective Action: Install or repair required BMPs per Rule 1002.f.(2)C

Date: 12/22/2022

Pits: ☐ NO SURFACE INDICATION OF PIT
