**General Comment:**

[COGCC Inspection Report Summary](#)  
On Friday 12/23/2022, I, Inspector Scott Ramsey, conducted a follow up inspection at TEP RMV 133-19, at Location # 335369 in Garfield county Colorado.  
Any Corrective Actions from previous Inspections that have not been addressed are still applicable.  
While there, I observed normal production operations. This location is within or in close proximity to a CPW Density/High Priority Habitat, black bear, NSO habitat, Wildlife Management. Operator (TERRA) has provided there Piceance Basin Storm water Manual of BMP's (SC-4) for a tracking pad.  
C/A (Valves on tanks missing caps/plugs) from previous inspection document # 700703664 has not been completed. Therefore C/A date (3/8/2022) remains the same.  
During this inspection the following compliance issues were observed:  
1. Random debris  
2. Valves on tanks missing caps/plugs from previous inspection. C/A date remains the same (3/8/2022)  
Refer to photograph of observed compliance issue.

A follow up on this site inspection may be conducted to ensure the compliance issues have been corrected to comply with COGCC rules. This is a summary of inspection report.
