Gentlemen:

On April 4, 1986, I talked to Gloria in your Oklahoma office about a Completion Report (OGCC Form 5) and status of subject well. She indicated it would be forwarded Monday or Tuesday. On May 1, 1986, I talked with Jim Anderson, your Denver representative on the same matter. Mr. Anderson indicated you were awaiting completion based on a frac of another nearby well; however, he assured me a Sundry Notice (OGCC Form 4) would immediately be submitted indicating status and casing run. I have not heard from him either.

Please submit a Completion Report and anticipated plans for further disposition of the well by September 15, 1986, or I intend to take the matter to the Commission at their October hearing for such disposition as they may deem appropriate.

Very truly yours,
