General Comment:

On 1/13/2023, Reclamation Specialist O'Malley conducted an interim reclamation and stormwater inspection at Caerus Piceance LLC's COUEY-67S92W/8NENW Location #334799 in Garfield County, Colorado.

The following compliance issues were observed during this inspection:
- Tank battery sign absent

Refer to the "Location," "Reclamation," and "Stormwater" sections of this inspection report for additional details.

Refer to the photo-documentation of the observed compliance issues attached to this report.

Any corrective action(s) from previous inspections that have not been addressed are still applicable.

A follow up inspection on this site will be conducted to ensure the compliance issues have been corrected to comply with COGCC rules.

1003 f. Weeds Noxious weeds? _____

Comment

It is unclear if areas of the location not needed for production, or no longer in use have been reclaimed. A follow up inspection is required when the location is not snow covered. "Interim areas" appear colonized by native shrubs (sagebrush, rabbitbrush). Perennial herbaceous species (ie: seeded grasses) are not or rarely evident. Portions of the interim areas appear unvegetated and/or dominated by Russian thistle (annual, undesirable plant species/weed). A followup inspection will be conducted during a future growing season to determine compliance with 1003 requirements.
