<p><b>COGCC Inspection Report Summary</b>                      On Monday 5/15/2023 at approximately 11:00 hours, I, Inspector Tom Peterson, conducted an on-site inspection at the PDC Energy Pepler K-26 Tank Battery location #457727 in Weld County, Colorado.                      While there, I observed that the battery sign decals and crude oil tank placards required replacement. The following possible compliance issues were observed: Rule 605.e. with a corrective action date of 6/16/2023, Rule 605.h. with a corrective action date of 6/16/2023. A follow up on this site inspection needs to be conducted to ensure the compliance issues have been corrected to comply with COGCC rules.                      This is a summary of the inspection report.</p>	petersont	05/15/2023
