General Comment:

ECMC Inspection Report Summary

On Tuesday 8/22/2023, I, Inspector Scott Ramsey, conducted a follow up inspection at Caerus PD 21, at Location # 334732 in Garfield county Colorado.

Any Corrective Actions from previous Inspections that have not been addressed are still applicable.

While there, I observed normal production operations. This location is within or in close proximity to a CPW Density/High Priority Habitat, black bear, NSO habitat, Wildlife Management Area. Operator (Caerus) has provided documentation of their Best Management Practices for Sediment Tracking Controls.

C/A's (Stored equipment, holes in containment and container labeling) from previous inspection document # 696204837 has been completed.

During this inspection the following compliance issues were observed:

1. Chemical containment full of fluid not sufficient to contain possible spill

2. Lack of battery signage

Refer to photograph of observed compliance issue.

A follow up on this site inspection may be conducted to ensure the compliance issues have been corrected to comply with COGCC rules. This is a summary of inspection report.
