 TOTAL % OF DESIRABLE VEGETATION COVER _____
 VEGETATIVE COVER _____

Comment:

	<p>Operator performed final reclamation activities during Fall 2016, except for an area around a meter house and the entry way off SH392.</p> <p>Gravel, gates and a cattle guard have not been removed at the entry way off SH392. The gates and cattle guard serve no purpose in its current state.</p> <p>Unmanaged weeds were observed throughout the tank battery, access road and well location. Russian wildrye appears to have been planted, which is an introduced species not reflective of reference areas. Russian wildrye appears to be spreading out onto reference areas. Russian wildrye's bunch grass vegetative growth form differs from reference area vegetative growth. Refer to the attached inspection photos.</p>	
Corrective Action:	<p>Comply with Rule 1004 to remove the remaining gravel, gates and cattle guard; perform weed management and reseed disturbance areas using a seed mixture requested by the surface owner, or a mixture prescribed by the local county NRCS. Establish vegetation with total perennial, non-invasive uniform plant cover of at least eighty (80) percent of reference area levels. Ensure erosion controls are implemented to stabilize the seeded soil.</p> <p>Operator shall provide the approved surface owner seed mix before planting Russian wildrye again.</p> <p>Operator shall continue to monitor and manage this site until the location meets Rule 1004 standards, including stormwater and weed management.</p>	Date 12/14/2023
<p>Overall Final Reclamation Fail Well Release on Active Location <input type="checkbox"/> Multi-Well Location <input type="checkbox"/></p>		

Storm Water:

<p>Comment: At the time of this inspection, no stormwater erosion issues were observed.</p> <p>Corrective Action: <input type="text"/></p> <p>Date: <input type="text"/></p>						
<p>Pits: <input type="checkbox"/> NO SURFACE INDICATION OF PIT</p>						

COGCC Comments

Comment	User	Date
<p>Corrective Action date is when Operator was initially observed to be out of compliance; the "Date of Discovery" is being provided as the corrective action date for all new observed compliance issues. Location will remain out of compliance until corrective action has been resolved and a follow up inspection will be conducted to ensure the compliance issues have been corrected to comply with ECMC rules.</p>	binschusc	12/26/2023
