Gentlemen:

In answer to your letter regarding the above captioned well, we are enclosing herewith forms 4 and 5 as well as a photo copy of the Coring Report.

We were not aware that all the required forms had not been furnished your department. The employee who was responsible for handling these matters is no longer with us and we do not know why the necessary reports were not filed.

As soon as casing is removed from this well, a plugging report will be filed with your office.

Very truly yours,

B. F. ALLISON DRILLING COMPANY
