Intention filed September 25, 1959

This is to correct the well number on the intent to drill filed July 16, 1959, location NW NE, 10-2N-54W. This well should be #3 Sheibley. Then the well number on the intent to drill filed September 25, 1959, location SE NE, 10-2-54W should be changed to read #2 Sheibley.

You will find enclosed Well Completion Report in triplicate for the #2 Sheibley, location SE NE, 10-2N-54W, Washington County, Colorado.

Thank you.

Very truly yours,
