- **Further information:** <https://cogcc.state.co.us/reg.html#/hearings>

SB 19-181 ensures that oil and gas development and operations in Colorado are regulated in a manner that protects public health, safety, welfare, the environment and wildlife resources. The COGCC is in the midst of reviewing its rules and procedures to evaluate what changes are required to reflect the new law's requirements. On Nov. 21, 2019, the Commission adopted Flowline rules.

To learn more about participating in any meetings, the rulemaking schedule or comment using the online portals, visit the COGCC website: [www.colorado.gov/cogcc](http://www.colorado.gov/cogcc).
